DETAILED ACTION

- This action is responsive to the following communication: amendment after final filed on 1/26/08.
- Claims 1-2, 4-21 are now allowed; claim 3 has been canceled.

Response to Arguments

Applicant's arguments, see pages 7-10, filed 1/26/08, with respect to claims 1, 14, and 20 have been fully considered and are persuasive. The 112, second paragraph of claim 1 and 103(a) rejections of 1, 14, and 20 has been withdrawn.

Allowable Subject Matter

- Claims 1-2, 4-21 are allowable over prior art of record; renumbered as claims 1-20.
- The following is an examiner's statement of reasons for allowance: The cited prior arts (US 6498658 to Sekikawa and US 6760052 to Cummins et al) of record teach a digital copier apparatus, but fail to teach and/or suggest "a tray sized and positioned in the digital copier so as to occupy a space ordinarily reserved for the at least one paper bin, the tray including: an optical driver connectable to the control unit and configured to removably receive a removable digital storage medium in the form of an optical disc and further configured to perform read and write operations on any removable digital storage medium received therein and in combinations of other features" as cited in independent claims 1, 14 ,and 20 (renumbered as claims 1, 13, and 19 respectively). The examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of prior arts that teaches the above limitations and in combinations of other features cited in claims 1, 14 ,and 20 (renumbered as claims 1, 13, and 19 respectively).

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to THIERRY L. PHAM whose telephone number is (571)272-7439. The examiner can normally be reached on M-F (9:30 AM - 6:00 PM).
